## **MESSAGE FROM THE PRINCIPAL**

Welcome to term two.

At the end of term one, learners from grade R – 7 received their first term report it provides information about the progress our learners have made and the areas in which they need to improve.

Term two should be utilised to improve on the performance from term one. It is time for reflection and adjustments to prepare for success for the June assessment. It is important learners come to school daily on time. During this term our annual athletics meeting will take place.

April is cold, be safe and warm.

This is an important term as we will commence with Admissions for 2019 on the 16 April 2018. Admissions for Grade 1 and 8 is by means of “online”. Parents that have children in grade R and 7 must apply online for admissions. Please contact the school for assistance. The web address is [www.gdeadmissions.gov.za](http://www.gdeadmissions.gov.za).

We wish you success for term two and thanks for all the support.
