Time 2: Digital or spoken to analogue

1. Put the times onto the clocks. If you need to draw a clock face for your answer, the easiest way is to find something round and draw a circle with it (maybe a glue stick or the cardboard from the toilet roll). I show how to get the numbers in roughly the right place in the lesson. Don't forget to put the letter of the question next to the clock.

- a. 2:15
- b. 6:30
- c. 8:55
- d. 5:35
- e. 9:20
- f. 11:45
- g. Twenty to four
- h. Five past seven
- i. Quarter to eleven
- j. Five to twelve
- k. Twenty-five past six
- l. Half past one
