## Reinforcement-Mathematics

### Monday

Subtraction (breaking down)

$$176-145$$

$$(100+70+6)-(100+40+5)$$

$$(100-100)+(70-40)+(6-5)$$

$$0+30+1=31$$

Complete in your reinforcement book:

1.  $274-142=$

2.  $356-104=$

3.  $539-217=$

4.  $248-234=$

### Tuesday

Try these:

Nineteen+ninety= \_\_\_\_\_

3 groups of 4 and 5 groups of 6 equals \_\_\_\_\_

\_\_\_\_\_ =  $9 \times 4$

$56 = \underline{\quad} + 17$

$100 - \text{half of } 48 = \underline{\hspace{2cm}}$

Write this sum in 2 other ways:  $4 \times 6 = 24$

1)-----

2)-----

### Wednesday

Subtraction(breaking down)

$$96-49$$

$$(90+6)-(40+9)$$

$$(90-40)+(6-9)$$

$$50+(6-9)$$

$$40+(16-9)$$

$$40+7=47$$

Complete in your reinforcement book:

1.  $74-26=$

3.  $35-16=$

2.  $53-27=$

### Thursday

Word Sums

- 1) Jane baked 156 cookies. She sold 45 cookies. How many cookies can she still sell?
- 2) 175 Grade 3's came to school on Tuesday and 163 came to school on Wednesday. How many more Grade 3's came to school on Tuesday than on Wednesday?
- 3) Dad travelled 86km yesterday and today he travelled 92km. How many more kilometres did he travel today?

## I Can Play Tangram

My name is Tao Wong. I can play a game from China called tangram.

This is my sister Kim. She also likes to play tangram.

First I make a tangram puzzle from a square of paper. I use the yellow paper first.

I have drawn lines on the paper and now I am cutting out the pieces. I have made seven tangram pieces altogether.

To play tangram I use all the tangram pieces to make shapes and pictures. Here I am making the shape of a cat with the yellow pieces. I have used all seven pieces.

Now I have used blue tangram pieces to make a goose.

My sister likes this shape!

Here is an easy picture to make. Do you know what it is? A candle

My sister has made an easy picture too. Can you see what this is? A boat

Now I have made a difficult picture. Do you know what this is? It is a tall building with a pointed roof.

My sister has made a difficult picture too. It is a girl doing exercises.

We both have fun making pictures with our tangram pieces.

What is tangram?

Tangram is a very old game from a country called China. To play the game you need a tangram puzzle. There are seven pieces in tangram puzzle. There are five

triangles, one square and one parallelogram.

Tangram pieces can be made out of plastic, wood, cardboard or paper. To play tangram you must use all seven pieces to make different pictures.

You can buy tangram puzzles in some shops or you can make your own.

-are

Complete each sentence with the correct word in brackets.

You must not ..... (mare, stare)

I always ..... my sweets with my friends. (share, rare)

I do not ..... when people call me names. (hare, care)

That is a ..... bird. (rare, mare)

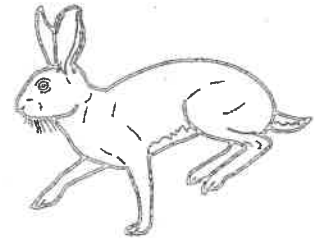

The bus ..... is one rand. (care, fare)

I ..... you to jump into the puddle. (dare, glare)

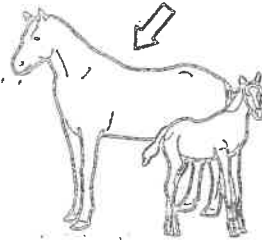

-are

Do you know?

A ..... is much larger than a rabbit.

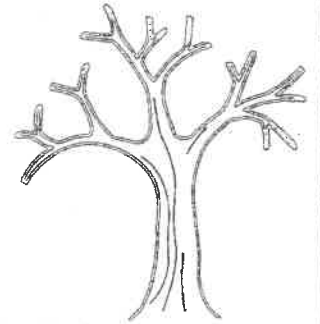

A ..... is a female horse.

Some trees are

..... in winter

because they lose their leaves.

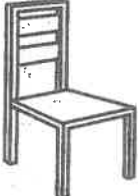

Draw a circle around the face that best explains the word 'glare'.

-air

hair fair stairs hairy air  
fairy dairy pair chair flair

 <p>.....</p>	 <p>.....</p>
 <p>.....</p>	 <p>.....</p>
 <p>.....</p>	 <p>.....</p>
 <p>.....</p>	 <p>.....</p>
<p>The gas around us...</p> <p>.....</p>	<p>Good at something...</p> <p>.....</p>
